

# REASONS YOU CAN INTERRUPT MOM WHEN SHE IS WORKING FROM HOME

## DEATH OR DISMEMBERMENT

Everyone is dying and the world is about to end. Just kidding, that's just the pandemic.

Only interrupt me if YOU or one of YOUR SIBLINGS are dying or in immediate need of the Emergency Room.

## ZOMBIE APOCALYPSE

Zombies are on the lawn and you think they might get in the house.

## I FORGOT YOUR ZOOM MEETING

If I forgot to log you on AGAIN for your class meeting, please come get me.

SORRY!!

## FIRE

The house is on fire and you want to save me from the fiery inferno.

Thanks, sweetie.

## WILDLIFE IN THE HOUSE

Squirrels, chipmunks, bats, raccoons, or other wildlife have invaded our house.

Note: Spiders and "scary bugs" don't count.

## YOUR INTERNET ISN'T WORKING

If you can't log on for school assignments, please come get me.

## MARGARITA TRUCK

If my dream of a margarita truck roaming our neighborhood finally comes true, please, for the love of God, come find me.

## UNICORN IN THE YARD

If there is a real, live unicorn in the yard, or other mythical creature, please come tell me. I could use some magic in my life today.

Note: Dressing yourself in unicorn pajamas does not count.
